years and do not receive the Beacon after  
this time, you may know it is because  
you are unable to carry your longer.

The Southern Presbyterian General  
Assembly in session at Little Rock,  
Ark., declined to make any changes in  
the Confession of Faith as to the salvation  
of infants. It said the present  
language cannot be construed as teaching  
that any of those who die in infancy  
are lost.

Sick Headache, Sore Throat, Cuts, Old  
Sores, Sprains, Bruises, Corns and all

Mr. Clark, of Montana is finding the  
Senatorial road a hard one to travel; he  
has enemies at both ends.

Instead of talking about what they  
are going to do to the trusts at the next  
session, why do not the republicans in  
Congress do something to them now;  
they have a majority in both branches  
of Congress, and they ought to know  
that the people are anxious to see some  
thing done to the trusts.

Six republican members of the Ohio  
delegation in the House have been de-  
feated for nomination, and two others  
are making a doubtful fight. That  
doesn't indicate the presence of "peace  
and hominy" among the Ohio republicans.

## Medical Association.

Dr. H. A. Minor, of Macon, the  
newly-elected president of the associa-  
tion delivered the following address on  
"Medical Ethics":  
Ladies and gentlemen—Every associa-  
tion must of necessity have a code of  
ethics, by which its members are to be  
controlled. This code should be ideal.  
It should hold up a type of character  
higher than any member might hope to  
attain to, for no man can rise above his  
ideal. At the same time it should be so  
true to nature that the humblest mem-  
ber should feel encouraged to strive to  
attain to its ideals. As our profession  
is the highest and the noblest  
followed by man, the mystery is not a  
profession but a calling; our ethics  
should be divine in its origin, and  
should point to the highest ideal con-  
ceivable. During the ministry of our  
Savior he was the impersonation of this  
divine ideal physician. He formulated  
his code of divine ethics in one sent-  
ence—the "Golden Rule"—and illus-  
trated it by ministering to the bodies  
and souls of men of all grades. Finally  
giving that which might save his people.  
Analyze this "Golden Rule," and you  
have the code of ethics of the American  
Medical Association. By synthetic  
analysis of this code you get the  
"Golden Rule." This code is intended  
to regulate and control the relations  
of the physician to his patient, to his  
competitor and to his country. Its  
scope is sometimes held to be too ex-  
tensive, but most frequently in the  
hearts and consciences of the individual  
members. The matters alluded to are  
far above the civil or military law.  
Happily are they who lead this law and  
are guided by it. They must, of  
necessity, develop a character that  
constantly leads to loftier heights.  
The learned and the unlearned, the  
city doctor and the country doctor, may  
all aspire to this exalted state, and  
may alike succeed or fail. All cannot  
be great physicians or surgeons, but all  
can be ethical physicians.  
God bless the ethical physicians.  
May their numbers constantly increase  
and may the standard of their ethics  
never be lowered. —Medican Star.

Some rather plain hints have been  
given in Congress of the existence of  
the belief that official stealing in the  
Philippines has been even worse than  
in Cuba. Yet the republicans refuse to  
allow democratic propositions for a  
Congressional investigation to be adopted.  
If the attitude of the republicans isn't  
a disposition to shield some body,  
what is it?

Senator Wellington gave the admin-  
istration a good when he asked if there  
was a post which for Americans why  
it wasn't equally good for the Boers  
and the Filipinos.

The old boys in gray hold a reunion  
in Louisville, Ky., on the 25th inst.,  
when the blue grass folk will show that  
they have no superiors in entertaining.

Mr. Fischer, one of the Boer envoys,  
said in his Washington speech: "We  
have come from two little republics  
struggling for freedom and independ-  
ence to see if here in the heart of our  
great sister republic the spirit that  
prompted our fathers to take up arms  
for the same principles for which we  
fight is still strong." That spirit is  
still strong among the people, but we  
fear it doesn't exist in the White House.

"After suffering from the piles for  
fifteen years I was cured by using two  
boxes of DeWitt's Witch Hazel Salve,"  
writes W. J. Baxter, North Brook, N.  
C. It heals everything. Beware of  
counterfeits. T. S. Murphy.

Track-laying on the Carrollton  
Short Line Railroad was commenced  
last week and will be pushed along  
as rapidly as possible. The force  
on grading is within about four  
miles of Carrollton, and as the  
grade is almost natural this half of  
the line, quick time will be made in  
getting over it.—West Alabamaian.

"After suffering from severe dyspepsia  
over twelve years and using many  
remedies without permanent relief I finally  
took Kodol Dyspepsia Cure. It did  
me so much good I recommend it to every  
one. writes J. E. Watkins, Clerk  
and Recorder, Chillicothe, Mo. It di-  
gests what you eat. T. S. Murphy.

A joint note from several great pow-  
ers, including the United States, would  
quickly convince England of the abso-  
lute necessity of giving the Boers better terms  
than unconditional surrender.

Mr. Wharton Barker has been giving  
Hanta's game away, by telling that  
his nomination was intended to take  
votes away from Col. Bryan. This  
is a new, but it ought to be a useful  
hint to some voters.

Nothing has ever been produced to  
equal or compare with Taylor's  
Pile Remedy as a certain and  
healing application for Piles. Prescrip-  
tion and bleeding, external or internal,  
and itching and bleeding of the rectum.  
The relief is immediate and cure infallible.  
Price 25 cts. in bottles, tubes  
30 cts. at J. F. Jones' drug store.

Senator Morgan hit some Senators  
who he demanded an investigation of  
the Panama Canal Company, organized  
under the New Jersey laws. Such an  
investigation properly made would un-  
earth some sensational crookedness and  
would show why canal legislation favored  
by nine-tenths of the people of this  
country has been repeatedly hung up in  
Congress.

More than one-third of the total  
receipts of the island of Cuba is spent  
in salaries of the civil employees. How  
is that for a bit of republican extra-  
vagance?

British troops have relieved the last  
besieged town in South Africa, but the  
British government has shown no in-  
tention to relieve Mr. McKinley of any  
of his burdensome obligations to it.

## To Cure Chills and Fever

Take Rogers' Blue Chill Cure. The  
first dose breaks the chills, and three

The easiest and most effective method  
of purifying the blood and invigorating  
the system is to take DeWitt's Little  
Early Risers, the famous little pills for  
cleansing the liver and bowels.  
T. S. Murphy.

J. C. Kennedy, Roanoke, Tenn., says:  
"I cannot say too much for DeWitt's  
Witch Hazel Salve. One box of it cured  
what the doctors called an incurable ulcer  
on my jaw. Cures piles and all  
skin diseases. Look out for worthless  
imitations. T. S. Murphy.

How comes it in these times of piping  
property, and good stealing in Cuba,  
that the Lincoln republican club of  
Cincinnati, has come into bankruptcy?

The postmaster postal time compen-  
sation didn't succeed in getting Congress  
properly fixed, a big appropriation for  
it being voted down in both House and  
Senate.

The ancients believed that rheuma-  
tism was the work of a demon within a  
man. Any one who has had an attack  
of sciatica or inflammatory rheumatism  
will agree that the infection is demoniacal  
enough to warrant the belief. It never  
been named that Chamberlain's  
Pain Balm would not not demoniacal  
it will give rheumatism and lameness  
bear testimony to the truth of this story.  
One application relieves the  
pain, and the quick relief which it of-  
fers is alone worth more than the cost.  
For sale by T. S. Murphy and O. F. Hill.

I had stomach trouble twenty years  
and gave up hope of being cured till I  
began to use Kodol Dyspepsia Cure. It  
has done me so much good I call it the  
savior of my life. writes W. S. Wil-  
kinson, Albany, Tenn. It digests what  
you eat. T. S. Murphy.

statement: "I can certify that One

claimed for it. My wife could not get  
her breath and the first dose of it re-  
lieved her. It has also benefited my  
whole family." It acts immediately

## Glorious News

Comes from Dr. D. B. Cargile, of  
Washita, I. T. He writes: "Four  
bottles of Electric Bitters have cured  
my case of sciatica, which had  
caused me great suffering for years.  
Terrible sores would break out on  
my head and face, and the best doc-  
tors could give no help; but her  
cure is complete and her health is  
excellent." This shows what thou-  
sands have proved—that Electric  
Bitters is the best blood purifier  
known. It is the supreme remedy  
for eczema, tetter, salt rheum, ul-  
cers, boils and running sores. It  
stimulates liver, kidneys and bow-  
els, expels poisons, helps digestion  
and builds up the strength. Only 50  
cts. Sold by druggists, guaranteed.

a splendid field to invest capital. —Me-

## Were Hanged Friday.

Enslaw, May 18.—Beauty Ingram and Walter Gordon, two negroes, were hanged here to-day for the murder of Thomas C. Bunton, at Clinton, March 31, last.

The crime for which the men paid the penalty of death was committed at Clinton in March and was one of the most heinous ever perpetrated in the state. Mr. Bunton, the victim, was a clerk in a store at that place, and sometime after night the negroes entered the store and struck him on the head with some blunt instrument of some kind, cut his throat with a meat knife and then dragged him out into the middle of the floor and left him. The body was discovered the next morning and it was also found that the store had been robbed. The two murderers were arrested within forty-eight hours and made a full confession. Court was in session at the time and a quick trial followed. Ingram was only eighteen years old.

W. S. Munster, Milline, Pa., saved the life of his little girl by giving her One Minute Cough Cure when she was dying from croup. It is the only harm less remedy that gives immediate results. It quickly cures coughs, colds, bronchitis, grippe, asthma and all throat and lung troubles. T. S. Murphy.

## Johnston's Sarsaparilla

QUART BOTTLES.  
CATARRH CAN BE CURED.  
"DANGER IN THE EARTH AND AIR, DANGER EVERYWHERE."

A Wise and Venerable Doctor Talks about Advanced Science.  
In a leading hotel, in a great city, a famous and aged physician was conversing. Listening to his wise and sententious discourse, were a group of well dressed men, evidently lawyers, business men and commercial travelers.  
My firm belief is, "that medical science is certain yet to show that all diseases without exception are caused by invisible germs which are living organisms. Here is the germ of that terrible disease diphtheria. Here is the bacillus of typhoid fever; and here is the still more dreadful bacillus of tubercle which causes that most destructive of all diseases, consumption. This of that very common and supposed incurable disease, catarrh."  
"I wish, Doctor," said the traveling man, "that you would tell us about catarrh. I have had it for years, and I am thoroughly discouraged."  
The Doctor answered, "Catarrh, like diphtheria, consumption, typhoid fever, and a host of other diseases, is the result of a microbe invading the blood and attacking specially the mucous membrane. This foul and most disgusting disease is especially prevalent in the United States and it is rare to meet one who is not, or has not been troubled more or less with it. How often is he or she obliged to remain at home from pleasant entertainments, deprive themselves of many intellectual treats, from fear of the disagreeable odor arising from catarrhal affections. In its worst phase, the patient becomes loathsome both to himself and his friends."  
"I believe," continued this great physician, "that the true way to heal catarrh is to medicate the blood. This can be done only by powerful alteratives which act as blood purifiers."

Boley A. Marcet, of Manistee, Manistee Co., Mich., writes:  
Dear Sirs:—For ten years I was a sufferer from general debility and chronic catarrh. My face was pale as death. I was weak and short of breath. I could hardly walk. I was so dizzy and had a ringing in my head all the time. My hands and feet were always cold. My appetite was very poor. On getting up in the morning, my head would swim. I was often obliged to lie down again. I had awful pains in the joints of my body. I had a continual feeling of tiredness. My muscular power was almost entirely gone, and I couldn't go half a dozen steps without stopping to rest, and often that much exercise caused me to have a pain in my side. It seemed as though the blood had left my veins. The doctor said my blood had all turned to water. I had given up all hope of ever getting well. I tried the best physicians in the state, but failed to get any relief. My husband got me a bottle of Johnston's Sarsaparilla. I took it, and then I bought another. When these had been used, I was somewhat improved in health. I continued its use, and felt I was growing stronger; my sleep was refreshing, and it seemed as if I could feel new blood moving through my veins. I kept on taking it, and now consider myself a well and rugged woman. I work all the time, and am happy. I am positive that the Sarsaparilla saved my life. The sick headaches I have had since childhood, have disappeared, and my catarrh has almost entirely left me. I cannot be too thankful for what Johnston's Sarsaparilla has done for me. I recommend all women who have sick headaches to use your Sarsaparilla.
